MBA in Aviation Management and M.S. in Aviation Finance

Daytona Beach Program Requirements

For exceptional students enrolled in the Master of Business Administration in Aviation Management degree program, the David B. O'Maley College of Business offers the opportunity to simultaneously pursue a Master of Business Administration in Aviation Management and a Master of Science in Aviation Finance.

With this option, the student will take a total of 33 credits to obtain a Master of Business Administration in Aviation Management (MBA-AM) and an additional 24 credits to obtain the Master of Science in Aviation Finance (MSAF) degree. Nine (9) credits from the MBA-AM degree will count towards the MSAF's total requirement of 33 credits. Bridge classes (FINE 520, ECON 523, and/ or MKTG 515, and/or ACCT 517, and/or AVMG 610/ BUSA 699 - 9 credits) are proposed to replace these core/ elective classes in the MSAF program. The student must declare their interest in the combined degree at or before completing 15 credits in the MBA-AM program.

Graduate students may apply to the Dual MBA-AM – MSAF option by submitting an application to the business Master’s program coordinator. Students must have completed up to 15 credit hours toward the respective MBA-AM degree and must have a 3.0 minimum GPA to be admitted to the dual degree program. Students will be dropped from the program if their GPA falls below 3.0.
