

Graduate Certificate in Finance

At the **Worldwide Campus**, this 12-credit online program prepares students to evaluate financial assets, apply strategies and use analytical techniques in financial decision-making. Students study international finance, financial engineering related to futures and options, investments and advanced corporate finance. Before beginning this program, students are required to complete one of the following: FINE 519, FINE 610, FINE 332 or equivalent.

Note: Certificate programs are not eligible for Title IV Federal Financial Aid unless taken as part of a degree program.

Program-Level Student Learning Outcomes

Students will:

- Apply appropriate analytical techniques to make optimal financial decisions.
- Calculate the value of various types of assets.
- Apply financial strategies that enhance the firm's value.
