

Master of Business Administration

At the **Daytona Beach Campus**, the Master of Business Administration is housed in the David B. O'Maley College of Business and focuses on the application of business practices to the aviation and aerospace industries. The coursework provides a business foundation and includes the selection of a specialization. Instruction is provided by faculty with academic and professional backgrounds who engage students in research related to applied business contexts. The program includes preparation for roles in industries such as airlines, aviation and aerospace organizations, commercial firms, consultancies, and regulatory bodies. Students select one of five specializations: Airline Management, 33 credit hours; Airport Management, 33 credit hours; Aviation System Management, 33 credit hours; Finance, 33 credit hours; and Supply Chain Management, 33 credit hours. The Business Administration program with concentrations in Management, Marketing, Accounting, and Finance is accredited by the Accreditation Council for Business Schools and Programs (ACBSP).
