

M.S. in Project Management

At the **Worldwide Campus**, the Master of Science in Project Management is housed in the College of Business and focuses on the management of complex projects and the application of project management principles, including the use of key performance indicators (KPIs). The curriculum includes collaborative coursework and is developed by certified Project Management Professionals (PMPs). The program includes a capstone course in which students apply project management skills and techniques to complex projects. The Master of Science in Project Management is accredited by the PMI Global Accreditation Center for Project Management Education Programs (GAC). For further information, visit www.gacpm.org
