

B.S. in Project Management

Worldwide Program Requirements

General Education Requirements	36
Core Requirements	57
Electives	27
Total Credits	120

Program Details

The Bachelor of Science in Project Management requires successful completion of a minimum of 120 credit hours. Students enrolled in the Worldwide Undergraduate Online program may complete the degree in 20 terms, or approximately four years, assuming full-time enrollment and continuous progress. Students pursuing this undergraduate degree must earn a minimum cumulative grade point average (CGPA) of 2.00 for all work completed at the University. The courses required to earn this degree are listed below.

Students should be aware that many courses have prerequisites and/or corequisites. Students are responsible for ensuring that all prerequisite and degree requirements are satisfied prior to enrollment in advanced coursework. The suggested plan of study is provided as a guide. A student's actual plan of study may vary based on term of admission, course availability, transfer credit, and other academic considerations. Students should consult with their academic advisor to develop an individualized plan of study.

Students may apply eligible technical transfer credit toward the degree, where applicable. In consultation with their academic advisor, students may also use elective coursework to complete an approved Worldwide minor or College of Business electives at the 300- or 400-level that support their academic and professional goals while satisfying degree requirements.

General Education Requirements

Communication	9
COMM 122 English Composition	
COMM 222 Business Communication	
Any Communication above COMM 106 Introduction to Composition	
Humanities - Lower Level	3
Social Sciences - Lower Level	6
