

B.S. in Aeronautics to M.S. in Aviation Finance

This program allows the exceptional student to complete the Bachelor of Science in Aeronautics (BSA) and Master of Science in Aviation Finance (MSAF) degrees at the Daytona Beach campus.

Upon completing the undergraduate requirements, the Bachelor of Science degree in Aeronautics will be conferred, and students will be enrolled in the graduate degree. In any graduate course taken by an undergraduate student, a grade of "B" or better must be earned. These credits will count toward the undergraduate and graduate degree requirements, provided the student maintains enrollment in the combined program and receives a "B" or better in the courses.

If the student chooses to leave the program before the completion of the MSAF program and has acquired the minimal hours required for graduation with the B.S. in Aeronautics, any MSAF transition courses used to meet graduation requirements will be noted as undergraduate courses for the purpose of graduation.

Approved Courses for the Combined Program

Students enrolled in the combined option must consult their academic advisor and the MSAF program coordinator to determine appropriate course selection. Students will take ACCT 517, FINE 520, and/or ECON 523 to replace an equal number of Professional Development and/or Open Elective courses in the BSA degree.

View BSA requirements (<https://catalog.erau.edu/programs/undergraduate/bachelors/aeronautics/>)

View MSAF requirements (<https://catalog.erau.edu/programs/graduate/masters/aviation-finance/>)

Combined Program Requirements

Undergraduate BSA Courses	111
MSAF Transition Courses	9
Choose up to three of the following:	
ACCT 517 Accounting for Decision Making	
FINE 520 Managerial Finance	
ECON 523 Advanced Aviation Economics	
Graduate MSAF Courses	24
Total Credits	144

Students must fulfill the required MSAF core classes and any remaining courses from the transitional period that have not been completed.
