

B.S. in Business Administration to M.S. in Aviation Finance

This program allows the exceptional student to complete the Bachelor of Science in Business Administration (BSBA) and Master of Science in Aviation Finance (MSAF) degrees at the Daytona Beach campus.

Upon completing the undergraduate requirements, the Bachelor of Science degree in Business Administration will be conferred, and students will be enrolled in the graduate degree. In any graduate course taken by an undergraduate student, a grade of "B" or better must be earned. These credits will count toward the undergraduate and graduate degree requirements, provided the student maintains enrollment in the combined program and receives a "B" or better in the courses.

If the student chooses to leave the program before the completion of the MSAF program and has acquired the minimal hours required for graduation with the B.S. in Business Administration, any MSAF transition courses used to meet graduation requirements will be noted as undergraduate courses for the purpose of graduation.

Approved Courses for the Combined Program

Students enrolled in the combined option must consult their academic advisor and the MSAF program coordinator to determine appropriate course selection. Students will take ACCT 517, ECON 523, and/or FINE 520 to replace an equal number of Open Elective courses in the BSBA degree.

View BSBA requirements (<https://catalog.erau.edu/programs/undergraduate/bachelors/business-administration/>)

View MSAF requirements (<https://catalog.erau.edu/programs/graduate/masters/aviation-finance/>)

Combined Program Requirements
