

B.S. in Electrical Engineering to M.S. in Aviation Finance

This program allows exceptional students to complete the Bachelor of Science in Electrical Engineering (BSEE) and Master of Science in Aviation Finance (MSAF) degrees at the Daytona Beach campus.

The Bachelor of Science degree will be conferred upon completion of the undergraduate requirements, and students will be enrolled in the graduate degree program. In any graduate course taken by an undergraduate student, a grade of "B" or better must be earned. These credits will count toward the undergraduate and graduate degree requirements, provided the student maintains enrollment in the combined program and receives a "B" or better in the courses.

If the student chooses to leave the program before the completion of the graduate program and has acquired the minimal hours required for graduation with the B.S. in Electrical Engineering, any graduate transition courses used to meet graduation requirements will be noted as undergraduate courses for the purpose of graduation.

Approved Courses for the Combined Program

Students enrolled in the combined option must consult their academic advisor and the MSAF program coordinator to determine appropriate course selection. This program does not require any courses in Business Administration to be completed prior to application. Students will take up to nine hours of ACCT 517, ECON 523 and/or FINE 520 in place of the third and/or fourth-year specified electives listed in the program.

View BSEE requirements (<https://catalog.erau.edu/programs/undergraduate/bachelors/electrical-engineering/>)

View MSAF requirements (<https://catalog.erau.edu/programs/graduate/masters/aviation-finance/>)

Combined Program Requirements

Undergraduate BSEE Courses	120
MSAF Transition Courses	9
Choose up to three of the following:	
ACCT 517	Accounting for Decision Making
ECON 523	Advanced Aviation Economics
FINE 520	Managerial Finance
Graduate MSAF Courses	24
Total Credits	153

Students must fulfill the required MSAF core classes and any remaining courses from the transitional period that have not been completed.
