

Minor in Air Cargo Management

The Air Cargo Management minor provides students with knowledge of air cargo operations within domestic and international aviation contexts. Areas of study include air transportation systems, economics of air transportation, international aviation management, aviation maintenance management, airport management and airline management. The minor is intended to complement a student's primary program of study and support preparation for roles in the air cargo industry.

Some majors may not be eligible to pair with this minor. See the Minor Restrictions (<https://catalog.erau.edu/programs/undergraduate/minors/restrictions/>) list for details.
