

# Minor in Computational Mathematics

---

The minor in Computational Mathematics is open to students with a strong interest in mathematics and computation who are not enrolled in any other degree or minor offered by the Mathematics department. It is designed to provide students with a strong applied mathematics background and knowledge in the usage of computing tools to solve real-world problems.

*Some majors may not be eligible to pair with this minor. See the Minor Restrictions (<https://catalog.erau.edu/programs/undergraduate/minors/restrictions/>) list for details.*
