

Minor in Flight

The Flight minor incorporates the courses required to obtain the Federal Aviation Administration (FAA) commercial pilot certificate with instrument and multi-engine ratings. In addition to the required flight courses, rigorous academic classes are included to provide professional pilot education in excess of the minimum FAA requirements for the associated FAA certificates. Included is instruction in CRM, team building, resource management, communication skills, and other topics associated with piloting multi-engine aircraft at the commercial level.

Some majors may not be eligible to pair with this minor. See the Minor Restrictions (<https://catalog.erau.edu/programs/undergraduate/minors/restrictions/>) list for details.

Daytona Beach Minor Requirements

ASCI 121	Private Pilot Operations	6
ASCI 221	Instrument Pilot Operations	3

FACR 323A	Commercial Pilot Multi-Engine Rating I	.10
FACR 323B	Commercial Pilot Multi-Engine Rating II	.10
FACR 323C	Commercial Pilot Multi-Engine Rating III	.80
Total Credits		21

Asia Minor Requirements

Students wishing to pursue the flight minor as part of the BSA degree must meet the selection criteria by our partner airlines. Students will be able to apply for the flight minor when they've achieved Junior Student status. For courses taken at the Daytona Beach Campus, term length and availability may vary.
