

Minor in Humanities

The Humanities minor encourages students to explore human culture, thought and expression across a range of disciplines. Through a mix of foundational and advanced coursework, students develop critical thinking, communication and analytical skills while examining diverse perspectives and ideas. This minor complements any major by fostering a deeper understanding of the human experience and strengthening skills valued in a wide variety of careers.

Some majors may not be eligible to pair with this minor. See the Minor Restrictions (<https://catalog.erau.edu/programs/undergraduate/minors/restrictions/>) list for details.
