

Minor in International History

The minor in International History gives students exposure to foreign cultures and an understanding of the complex interactions between the United States and the world. The minor benefits students by preparing them to pursue careers in the global workplace or government, or to pursue graduate work in a variety of fields, including history and business.

Some majors may not be eligible to pair with this minor. See the Minor Restrictions (<https://catalog.erau.edu/programs/undergraduate/minors/restrictions/>) list for details.
