

Minor in Supply Chain Management in Aviation and Aerospace

The Supply Chain Management in Aviation and Aerospace minor provides students with an understanding of supply chain processes within aviation and aerospace contexts. The program examines the movement of goods, services and information, with an emphasis on coordination, logistics and operational considerations across the supply chain.

Some majors may not be eligible to pair with this minor. See the Minor Restrictions (<https://catalog.erau.edu/programs/undergraduate/minors/restrictions/>) list for details.

Daytona Beach Minor Requirements

SCLM 363	Supply Chain Management	3
SCLM 410	Management of Air Cargo	3
