

A.S. in Aviation Business Administration

In this degree program, you'll build a strong business foundation and sharp acumen crucial for top-tier organizational roles.

The Associate in Science in Aviation Business Administration covers essential business competencies. All credit hours fulfill general education requirements and the undergraduate business core.

The ASABA seamlessly transitions into various bachelor's degrees, including Aviation Business Administration, Business Analytics, Logistics and Supply Chain Management, Project Management, or Technical Management, with all 60 hours applicable.

This program is accredited by the Association of Collegiate Business Schools and Programs (ACBSP).

Estimated Cost of Attendance

Students will:

- Achieve proficiency in general education competencies.
- Achieve proficiency in common professional business components.
